Mission Digital India

Aims

RGYCI has been registered under trust of Wet Bengal, The Registration NO.**190303688/2019** This organization also certified by Mission (RGYCI). An ISO 9001:2015 QMS Certified Organization A National Programme of Information Technology Education & Development An Autonomous Institution Registered Under the Public Trust Act. Organization registered under W B, Govt. Act. 1962, Reg No. 190303688/2019 Registered under Ministry of Skill, Development, & Entrepreneur, Registered under CVC, NHRC, NGO Darpan, Enrolled in C.R. Act - 1962, DIPP, Govt. of India.The main function of the trust is to make our students to understand and operate the computer and to develop among students the programming techniques and the problems solving skills for every group of urban and rural areas to get success in computer revolution which is main dreams of India Government. Our aims is to provide computer knowledge in each doorstep with nominal charges.

OUR objectives

The courses fulfill the requirements of the students to develop their technical skill to pursue advance education research and Development in industry and in academics and also in their self development.

After completion of each module the performance of the students is monitored through regular test to enhance their skills so that they can be successful in job market.

Computer Education has become a fastest growing industry in India which is providing 100% practical and job oriented training to educate tomorrow professionals. In the era of privatization and modernization of education computer knowledge will bring lot of opportunities for you. We are best on job oriented education and skill Development Courses in nominal charges. That the employer may have on them. Let's join hand and educate our self in computer knowledge to Develop Globally and make India a new Digital India Together.

My dream of an India which is 100% Computer Literate, where everyone is employed and there is absolutely no poverty. Our organization is working dedicately to Make "Skill India & Digital India" "Dream Come True."

The Indian IT Industry mainly comprises of Instance System Integration, Software experiments, Custom Application Development and Maintenance (CADM), network services and IT Solutions. I strongly believe that at RGYCI, our true strength lies in the quality of our people, many of whom have been with us for over 20 years and consider this organization to be a part of their family. Today I am proud to say that we have created a work force whose loyalty and hard work are prevailing across the organization. Going forward too, our employees' passion to excel will continue to be the backbone of the RGYCI. With the launching of "Digital India" initiative by the Government of India, the role of RGYCI is likely to grow substantially in the near future as the demand for IT services and is expected to rise rapidly.
